

COVID 19 Risk Assessment

Subject: COVID 19 School Premises Risk Assessment

Date of Assessment: 02.09.20

Assessor: Miss. Yvonne Jones (Headteacher)

School Name: Porth Community School

This Risk Assessment has been produced following the announcement by Welsh Government that *'from September, all pupils can return to school full time, if coronavirus cases continue to fall. Learners will be reunited with all their classmates, with limited social distancing within contact groups of 30'*. It is based on guidance from both Welsh Government and the Local Authority. This risk assessment has been assessed and approved by the LA as fit for purpose.

As Welsh Government and Local Authority guidance is updated the policy will be revisited.

|---|----------------|---|--|
| School drop off/Pick up – Infection control | All Persons | <ul style="list-style-type: none"> Parent/carer pick up and pick up protocols have been developed to minimise adult to adult contact and avoid gatherings (signs and floor markings made available from RCT) Arrangements in place to supervise pupils arriving/leaving on contracted transport to ensure social distancing. Arrangements in place to identify possible contacts on home to school transport provision for Track and Trace purposes Early Years classes will arrange for children to be dropped off and collected at the door/threshold of the setting where possible - Parents queue outside the entrance to drop off/pick up One parent encouraged to drop off/pick up. Floor markings provided to assist with social distancing. Stagger drop off/collection times for year groups. | <p>Y Goedwig</p> <p>Staggered start/end times will be allocated to pupils.</p> <p>Parents have been informed that they are to remain in their cars until they are called to the designated drop off point where a member of staff will be waiting.</p> <p>Hand sanitiser will be available for the pupils. Parents are to exit the site immediately.</p> |

|--|--|---|--|
| | | <ul style="list-style-type: none"> • Parents/carers instructed not to attend school if symptomatic • Handwashing/hand sanitiser available at all entrances. | <p>Pupils will then be escorted to their pre-allocated classroom by a member of staff whilst maintaining appropriate social distancing.</p> <p>Nythbran</p> <p>Staggered start/end times will be allocated to pupils. Pupils should NOT be on site before this time. The only exception to this, is those pupils who travel to school on school transport, these pupils will be escorted to the main hall and kept in their appropriate contact groups.</p> <p>There are 2 designated drop off/pick up points have been identified – Bus bays and Chip Shop Hill.</p> <p>For those pupils accessing the site via chip shop hill, we would like each year group to form a socially distanced line either side of the main gates while they wait to be admitted onto the school site. They will be supervised by a member of staff.</p> |

RCT Schools COVID-19 Personal Protective Equipment Guidance Matrix

Introduction

It is important to remember that physical distancing, hand hygiene and respiratory **hygiene** (catching a cough or sneeze in a tissue or covering the mouth and nose with an elbow or sleeve) remain strongly evidenced to be the most effective ways to prevent the spread of coronavirus. Hand hygiene is critical before and after all direct contact with a child or young person, and after cleaning equipment and the environment.

There is therefore no need to use personal protective equipment (PPE) when undertaking routine educational activities in classroom/school settings. The list below covers when PPE may be required. Further guidance is available at <https://gov.wales/keep-education-safe-operational-guidance-schools-and-settings-covid-19>

X Risk Assess = If a risk assessment determines that there is a risk of splashing to the eyes such as from coughing, spitting, or vomiting.

Guidance

The use of PPE by staff within education settings should be based on a clear assessment of risk, taking into account each individual setting and the needs of the individual learner. Schools, settings and local authorities already have risk assessments processes in place which should be used to identify the need for the use of PPE. Following any risk assessment, where the need for PPE has been identified, it should be readily available and provided. Further information has been provided by the [Health and Safety Executive](#):

Using PPE at work during the coronavirus outbreak

All staff should understand how to put on or remove PPE in the right order, safely dispose of the waste and use correct hand hygiene steps to reduce the risk of onward transmission of infection. Further guidance is available in Appendix 6 of the [Infection Prevention and Control for Childcare Settings Guidance](#).

In any case, hand washing should always be practiced before putting on and after removing PPE. Schools and settings should contact their local authority to obtain PPE to cover the above.

NB – For pregnant staff or those staff who have been off with Moderate Health Risks the above PPE guidance may be adjusted to take account of any medical risk assessment process that has been undertaken prior to a staff member returning to work.

2. Social Distancing

Under Regulation 7a of the Health Protection (Coronavirus Restriction) (Wales) Regulations 2020, Welsh Government have chosen to impose a legal requirement on workplaces to ensure that everything reasonably practicable is done to minimise transmission of coronavirus. The key purpose of the Regulations is to minimise the risk of transmission of Coronavirus. Where contact or closer working is required, it is important that other measures are considered, for example:

- Washing hands thoroughly for 20 seconds with soap or use of hand sanitiser after close contact;
- Minimising the level of interaction;
- Physical barriers (including wearing Personal Protective Equipment that has been provided when required);
- Improved personal hygiene and reminders about the importance of good hygiene;
- Ensuring those with symptoms are isolated from other person's onsite until they can be collected.

Although the duty falls on the person responsible for management control, everybody in a workplace has a personal responsibility to comply with the 2 metre distance requirement wherever possible, to ensure that the risk of transmission of Coronavirus across Wales is reduced. WG have made it clear that while there is a requirement to take all reasonable measures to maintain a physical distance, it is about taking proportionate action where it is practicable to do so.

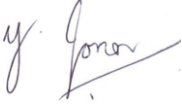

What constitutes a reasonable measure?

It will be for the duty holder of the school/childcare setting to justify the reasonable measures that they have adopted, and to demonstrate how they have considered that these are proportionate and minimise the risks faced by all persons who have to continue to attend work in their setting.

If physical distancing can be achieved, this would be considered a reasonable measure and this will play a part, along with other actions, to minimise community transmission. Where possible a 2 metre distance should be maintained for everyone (pupils, staff, visitors, etc.) at the school or childcare setting. This can include class sizes being reduced, therefore limiting the number of pupils staff have to assist with physical distancing, or carrying out activities on a rotation.

However, it is recognised that due to the age and personal requirements of some pupils this will undoubtedly be difficult to achieve and therefore physical distancing is not in these cases considered a reasonable measure. If for any reason a member of staff cannot maintain suitable distance, PPE would need to be worn as per the above table, to provide a level of protection.
