This document sets out the Rhondda Cynon Taf County Borough Council planning and approval procedures for Educational visits.

Anyone organising an off-site visit for children and young people from Rhondda Cynon Taf County Borough Council should also refer as necessary to the National Guidance for Educational Visits endorsed by the Welsh Government. The Guidance can be viewed in the 'Guidance and resources/guidance' section of Evolve rctvisits.org.uk.

FOREWORD

'Educational visits offer an invaluable opportunity to enrich young peoples' learning, raise their self-esteem, increase their motivation and appetite for learning, and raise levels of achievement in many aspects of their life and education'.

Learning out of the classroom is a strong theme that runs through all stages of education in Wales. Rhondda Cynon Taf's educational establishments and children's services have a well-established and continuing commitment, to offering an exciting and enjoyable range of educational visits for our young people.

It is important that children are progressively exposed to carefully managed risks, without being exposed to significant dangers. Educational visits can range in scope from a short local excursion to a local park or museum, to cultural or historical venues, and encompass a wide variety of outdoor and adventurous activities.

These invaluable educational experiences enhance the curriculum, help develop good working relationships between staff and young people, give opportunities to experience challenging new activities, and help young people to develop important life skills.

This document sets out the planning and approval procedures, which will help staff, plan and deliver high quality and safe off site visits. By adopting these nationally agreed procedures, staff will be following best practice and in doing so will be supported by the local authority should an accident occur.

Staff who organise and engage in educational visits with children and young people show dedication, commitment and enthusiasm. Your work ensures that the young people of Rhondda Cynon Taf will continue to be given the opportunity to take part in such activities. I would like to take this opportunity to thank you for your professionalism and dedication.

These policies and procedures are aimed at supporting you in this valuable work.

I am extremely grateful to the work of Dave Golding, for developing this guide.

Porth Community School Educational visits policy September 2020

CONTENTS

Foreword by Headteacher/Chair of Governors

Summary of policy

Section A

- 1. Visit approval / notification procedures
- 2. Planning forms

Section B

Standard risk management procedures

Foreword

Porth Community School acknowledges the immense value and many benefits of outdoor learning and is committed to supporting off-site visits and activities that enrich the learning opportunities of children and young people.

We believe that educational visits are an integral part of the entitlement of every pupil to an effective and balanced curriculum. Appropriately planned visits are known to enhance learning and improve attainment, and so form a key part of what makes Porth Community School a supportive and effective learning environment.

The school, through this policy, wishes to enhance students' education and contribute to raising students' progress and achievement by providing opportunities for teaching and learning to take place in appropriate and relevant contexts and venues out of school.

All school staff will be made aware of the requirements of this policy and any changes that are made when the policy is reviewed.

Yvonne Jones Headteacher

Summary of Policy

This school/establishment follows the LA procedures for educational visit planning, approval and monitoring by using the EVOLVE on line visit planning and approval system rctvisits.org.uk for all visits run by school/establishment staff or volunteers.

Staff planning an educational visit must ensure that they plan their visit using the EVOLVE system rctvisits.org.uk and follow the procedures set out in this policy.

This policy is reviewed (and updated as necessary) annually or following any accident/incident on an educational visit.

Visit approval/notification required for different types of visit

IMPORTANT NOTE: LA approval or notification is **not** required for:

- Visits to Ynys Hywel or other LA Outdoor Education Centres within the LA's (Dolygaer, Dare Valley CP)
- Outdoor Education Advisers' Panel (OEAP) Outdoor Learning Card activities run in non-demanding environments by teachers/youth workers/other employees who have attended an OEAP Outdoor Learning

Visit type	Approval/notification required
 Residential Visits abroad Demanding environments (see Table 2) Adventure activities (see table 3) 	Visit planned and approved using the EVOLVE system rctvisits.org.uk at least 28 days before visit.
Overseas expedition organised through an independent provider (i.e. expedition to a developing country involving trekking or other adventure activities)	Visit planned and approved using the EVOLVE system rctvisits.org.uk before booking the visit. LA Approval is in two stages: Initial approval before booking Final approval at least 8 weeks before the visit.
Duke of Edinburgh Award expedition	Visit planned and approved using the EVOLVE system rctvisits.org.uk at least 28 days before visit plus information required by DofE development officer
All other visits	All other visits must be approved by the Head or EVC and a record of the visit kept as set out in 'Record Keeping' section of this policy. Schools/establishments can determine their own planning and approval requirements but are strongly advised to use the EVOLVE system rctvisits.org.uk . This system guides the visit leader through the visit planning and approval system required by the Local Authority (in line with WG guidance). The EVOLE system allows regular, repeated visits to be planned and approved.

Table 2 Definition of Demanding Environments

Important note: Classification of locations is subjective. Visit leaders who are unsure of whether or not a location requires LA approval can seek clarification from their Educational Visits Coordinator (EVC).

Location	Definition	Level of approval required
Normal	Areas;	Visits here do not require
countryside	 which are close to vehicle access (i.e. less than 30 minutes walking time for any group member to the nearest road from which the group could be evacuated by vehicle) and where the environment does not have any of the features of a 'demanding environment' listed below. 	LA approval
	Areas where there is significant risk to the group from one or more of the following factors;	Visits here do require LA
Demanding	hazardous terrain (e.g. cliffs, very steep slopes etc.);	approval
environments	 remoteness (i.e. more than 30 minutes walking time from the nearest normal vehicle access point from which the group could be evacuated); difficult escape (i.e. places where the group could be trapped and/or where they would need specialist help to escape); exposure to severe weather (i.e. open to the weather and no easily accessible shelter within 30 minutes walking time for any of the group); open areas without clear boundaries where the group might stray into hazardous or remote terrain in poor visibility; fast flowing water, deep water, or water with strong currents (including tidal flow) where: the group will be close to the water and there is a significant risk of someone falling in; the group will be entering the water. 	(except activities run by the Outdoor Education Centres managed by one of the Central South Consortium LAs, e.g. Dare Valley OAC., Storey Arms).

Table 3 Adventure Activities

Important note: This list is not exhaustive. Any visit leader unsure of whether or not an activity should be classified as an adventure activity should seek the advice of their Educational Visits Coordinator (EVC).

Land Based Activities	Water Based Activities
Rock climbing/abseiling including climbing walls	Kayaking and canoeing
Mountaineering	Sailing and windsurfing
Hill walking	White water rafting
Ice climbing	Waterskiing
Gorge or coastal scrambling/sea cliff	Snorkel and aqualung diving

Any activity (including camping, fieldwork and non-adventure activities) taking place in demanding environments as defined in Table 2 above

1. Approval and Notification System for All Visits

All visits must be approved by the Head or EVC and a record of the visit kept as set out in 'Record keeping' section of this policy.

Schools/establishments can determine their own planning and approval requirements but are strongly advised to use the EVOLVE system rctvisits.org.uk.

This system guides the visit leader through the visit planning and approval system required by the Local Authority (in line with WG guidance).

The EVOLVE system allows regular, repeated visits to be planned and approved (see 2 below).

2. Blanket Approval

Blanket approval may be given:

- by Heads/EVCs for routine visits
- by the LA for those staff who have gained LA leader approval (see 3 below).

For visits that have been given blanket approval, the visit leader and EVC must ensure that relevant

information is left with the school/establishment emergency contact including details of the venue, activity, group, transport, start/finish times and other relevant information for **each** visit.

3. Parent/Carer Consent

Informed parent/carer consent must be obtained for all visits. For routine visits (those listed on form 1), blanket consent is obtained on an annual basis.

For non-routine visits (not listed on form 1) consent is obtained for each visit (or series of repeated visits) using form 2.

If parents/carers withhold their consent absolutely the young person must not be taken on the visit but the curricular aims of the visit should be delivered to the young person in some other way wherever possible. If the parents/carers give a conditional consent the Head will need to consider whether the young person may be taken on the visit or not.

4. Using an Independent Provider – Pre-booking Checks

For any off-site visit, the visit leader should check that the location and activities offered are educationally suitable for the group and will meet the aims of the visit. Check that any provider offers good value for money by comparing with other similar providers. Remember that there is no substitute for firsthand, up to date information. This level of pre-booking check is sufficient for visitor attractions and public access venues such as zoos, historical/cultural sites, museums, sports stadia, theatres, cinemas, hotels, bowling alleys, ice rinks, theme parks, public access (lifeguarded) swimming pools or similar. This level of check is also sufficient for the Local Authority's own Outdoor Education Centres at Dare Valley OAC., Ynys Hywel and Dolygaer.

When using a specialist venue or activity provider e.g. outdoor activity provider (other than the LA's own Outdoor Education Centres at Dare Valley OAC., Ynys Hywel and Dolygaer), farm visit or similar please apply the following guidance **before signing any booking form or contract**:

Ask the provider to complete the independent providers' questionnaire (which can be downloaded from the EVOLVE system's Guidance and Resources/Forms section rctvisits.org.uk) and check that this has been satisfactorily completed by the provider before you book. This requires them to confirm that they have risk assessments in place for all activities/services that they provide and that these are available to view at the premises on request. Please note that there is no need to obtain copies of the provider's risk assessments. Seek specialist advice on any concerns arising from the provider's responses by contacting your LA Outdoor Education Adviser.

Special Arrangements for Overseas Expeditions

(i.e. expeditions to developing countries involving trekking or other adventure activities)

Initial LA approval must be obtained before booking. Initial LA approval can be sought by completing and sending form OE1 (along with attachments listed on Form OE1) to the Outdoor Education Adviser at the address listed on Form OE1. Form OE1 can be downloaded from the EVOLVE system's Guidance and Resources/Forms section rctvisits.org.uk. Final LA approval for the expedition must be obtained at least 8 weeks before the expedition start date by completing and sending form OE2, along with attachments listed on Form OE2, to the Outdoor Education Adviser.

5. Local Authority (LA) Leader Approval

Who needs LA leader approval?

LA or school employees or volunteers who wish to lead in any of the demanding environments or adventurous activities for which LA approval is required must first be confirmed as technically competent to lead by the Outdoor Education Adviser.

Prospective leaders must seek LA leader approval through their own Evolve log-in via the 'My Details/Awards' section. In order to be granted approval the applicant must have all of the following:

Either

 a) the relevant National Governing Body (NGB) leadership award for the terrain/activity (NGB leadership awards are set out in the National Guidance for Educational Visits www.oeap.info/

or

- have a written and signed statement of competence by an appropriate technical adviser verifying that the leader has the relevant technical and group management skills for the terrain/activity (see below for how to arrange technical adviser approval).
- Recent and relevant experience
- A current first aid certificate or qualification
- Support of the Head.

[To arrange technical adviser approval the EVC must identify an appropriate technical adviser who is willing to make a signed statement of competence for the visit leader. Technical adviser approval is normally given only if the following conditions are met:

- The leader has completed a training course in the relevant NGB leadership award where one exists (or has undergone other appropriate training)
- The technical adviser has made a practical assessment of the leader and can confirm that they are operating at the standard of the relevant NGB leadership award or at a suitable level for a site-specific approval to be given.

Appropriate levels of technical adviser for different activities and levels of activity are given in the *National Guidance for Educational Visits*. If the intended activity is not listed, the Outdoor Education Adviser may be able to advise on appropriate level of technical adviser.]

Depending on depth of experience and technical skill, leaders may be given approval to lead either:

- the activity/activities at specific, named venue(s) at any time for the duration of the approval period;

or:

- the activity/activities at all venues that are within the remit of their competence at any time for the duration of the approval period.

The Outdoor Education Adviser will notify the individual and their EVC of their LA leader approval decision and this will be recorded in the individual's '*My details*' section of the EVOLVE system. This can be viewed at any time by the individual, their EVC or Head.

6. Special Arrangements for DofE Award Groups

Anyone planning a DofE Award expedition/ activity must first contact the LA DofE Award Officer (see below for contact details) before starting any planning for the activity to ensure that the Expedition meets the requirements of the DofE and Local Authority.

7. LA Approval Decisions for Visits

Confirmation of the approval decision for a visit will be given via the EVOLVE system. **Visits that** require LA approval must not proceed until this approval has been given.

Where further information or elements of the *National Guidance for Educational Visits* have not been met, approval will be withheld until these conditions are met. Confirmation of this decision will be sent to the EVC/Head via the EVOLVE system.

8. Record Keeping

The EVOLVE system acts as a record for any visit planned and approved on the system. Schools/establishments therefore only need to retain the following details for any particular visit:

- List of participants
- Parental consent forms (these can be destroyed 3 months after the visit if no accidents or incidents have been reported)
- Where an accident or incident has been reported the school/establishment should retain the parental consent form for the pupil(s)/young person(s) involved.
- If there has been an accident/incident on a visit, schools/establishments must ensure that the LA is notified according to LA procedures. The LA will keep accident/incident records until the young person reaches age 21 (or for 3 years in the case of an adult). Schools/ establishments therefore do not need to retain records of accident/incidents reported to the LA unless they wish to do so for their own purposes. If a visit leader or school/ establishment receives notification of a claim they should not respond directly but should pass the details to the LA claims manager/insurance section.

In addition, schools/establishments should archive in the school/ establishment records a copy of their:

- Educational visits policy dated so that the version current at the time of any visit can be traced;
- standard risk management procedures dated as current at the time of the visit;
- records of staff competence and training (perhaps as part of the appraisal/performance management records).

This information should be kept for 5 years after which it may be destroyed.

9. Monitoring

Internal monitoring by the Head/EVC

The Head/EVC must monitor visit leaders from time to time to ensure compliance with school/establishment policy.

Monitoring by the Head/EVC should include:

- scrutiny of standards of visit planning and organisation as part of the visit approval process
- occasional observation of visit leadership

Following any observation of visit leadership it is good practice to provide the visit leader with verbal and written feedback and recommendations for further training if necessary. A copy of the observation report should be given to the visit leader and another copy kept on file by the school/establishment

Monitoring by the LA

The LA will monitor schools/centres on a 3 year cycle for compliance with LA guidance by all educational establishments. The LA will contact EVCs to notify them of an upcoming monitoring visit.

10. Review

Feedback from monitoring will be used to review procedures in order to ensure that they meet the standards expected for off site visit organisation and leadership and to identify further training needs for visit leaders and/or EVCs.
