Getting started with Parent accounts

What is Class Charts for parents?

Depending on how your school has set up our system, you will be able to use Class Charts to keep track of your child's [behaviour](#), view [attendance](#) records, access their weekly [timetable](#), view assigned [homework](#) tasks, track scheduled [detentions](#), create [wellbeing](#) submissions and view announcements from their school.

If you have more than one child, you can access Class Charts information about your children from a single, centralised parent account.

Class Charts for parents can be accessed via our [website](#), or through our [iOS](#) and [Android](#) apps.

You should have received a [Parent code](#) from your school, which will look similar to the example code shown on the right.

This code is used to set up your [Class Charts parent account](#), which is covered on the next page.
